

Product discontinuation

Item description	Discontinuation date	Alternative replacement solution
UV LED X, UV LED X CL (all variants)	02.09.2026	Other radiation heads from our product range
UV LED III (all variants)	02.09.2026	Other radiation heads from our product range
DSK Web-Line (all lengths/variants)	24.04.2025	Other radiation heads from our product range
DSK Web-Line Pro (all lengths/variants)	24.04.2025	Other radiation heads from our product range
SPS serie FX3G and FX3GE	24.03.2025	Alternative solutions can be defined together with our technical department
Ballast OGLU 1000W / 1500W / 2000W / 2000W PA	24.03.2025	Alternative solutions can be defined together with our technical department
Touchdisplay XV-102-A0-35TQRB-1E4	24.03.2025	Alternative solutions can be defined together with our technical department
Touch Panel XV-112-DB-70TWRC-00	24.03.2025	Alternative solutions can be defined together with our technical department
Handheld HI1 for UV-Sensor TS1	01.09.2023	Alternative solutions can be defined together with our technical department
UV-Sensor TS1	01.09.2023	Alternative solutions can be defined together with our technical department
UTUK-G3	31.07.2023	UTUK-G3+ as a compatible advancement with technical advantages
Phaser EVO plus+ unit with display MFD-Titan MFD-80-B	31.10.2022	Replacement with new solution Phaser EVO plus+ with XV-102 panel
Phaser 12/400 (30A/400V) - Electronic Solid State	31.10.2022	Alternative solutions can be defined together with our technical department
Phaser 12/650 (20A/650V) - Electronic Solid State	31.10.2022	Alternative solutions can be defined together with our technical department
Multifunction display MFD-Titan MFD-80-B	01.05.2021	Alternative solutions can be defined together with our technical department
Communication module MFD-CP4-CO	01.05.2021	Alternative solutions can be defined together with our technical department
PLC Expansion EASY406-DC-ME	01.05.2021	Alternative solutions can be defined together with our technical department
Ignitor IZG 400/4000	01.05.2021	Alternative solutions can be defined together with our technical department
Touch-Panel MAC E615	20.12.2017	Alternative solutions can be defined together with our technical department
Touch-Panel MAC E1071	20.12.2017	Alternative solutions can be defined together with our technical department
Terminal MAC E1022	03.07.2017	Alternative solutions can be defined together with our technical department
PLC Basic unit series FX0	03.07.2017	Alternative solutions can be defined together with our technical department
PLC Basic unit series FX0S	03.07.2017	Alternative solutions can be defined together with our technical department
PLC Basic unit series FX1S	03.07.2017	Alternative solutions can be defined together with our technical department

Item description	Discontinuation date	Alternative replacement solution
PLC Basic unit series FX1N	03.07.2017	Alternative solutions can be defined together with our technical department
PLC Basic unit series FX2N	03.07.2017	Alternative solutions can be defined together with our technical department
PLC Memory cassette FX-EPROM-8	03.07.2017	Alternative solutions can be defined together with our technical department
PLC Memory cassette FX-EEPROM-4/-8/-16	03.07.2017	Alternative solutions can be defined together with our technical department
PLC Memory cassette FX1N-EEPROM-8L	03.07.2017	Alternative solutions can be defined together with our technical department
PLC Expansion series FX	03.07.2017	Alternative solutions can be defined together with our technical department
PLC Expansion series FX0	03.07.2017	Alternative solutions can be defined together with our technical department
PLC Expansion series FX0N	03.07.2017	Alternative solutions can be defined together with our technical department
PLC Special modules series FX0N	03.07.2017	Alternative solutions can be defined together with our technical department
PLC Special modules series FX1N	03.07.2017	Alternative solutions can be defined together with our technical department
PLC Special modules series FX2N	03.07.2017	Alternative solutions can be defined together with our technical department
Frequency converter series FR-E500	03.07.2017	Alternative solutions can be defined together with our technical department
Frequency converter series FR-F700	03.07.2017	Alternative solutions can be defined together with our technical department
Frequency converter series FR-S500	03.07.2017	Alternative solutions can be defined together with our technical department
Noise filter series FFR-A500	03.07.2017	Alternative solutions can be defined together with our technical department
Noise filter series FFR-E500	03.07.2017	Alternative solutions can be defined together with our technical department
Noise filter series FFR-S500	03.07.2017	Alternative solutions can be defined together with our technical department
Ignitor BAG 380 MZN 2000 S	22.06.2016	Several items are still available - subject to prior sale
Fan G2E160-AY47-01 50Hz	08.06.2016	New development for 50Hz net = G2E160AY5091 incl. codensator 6µF
Fan G2E160-AY47-01 60Hz	08.06.2016	Several items are still available - subject to prior sale
Temperature controller FCS-23A-V/M-70 VU	31.03.2016	Alternative solutions can be defined together with our technical department
Temperature controller FCR-13A R/M-10 VU	31.03.2016	Alternative solutions can be defined together with our technical department
Temperature controller FCR-13A V/M-10 VU	31.03.2016	Alternative solutions can be defined together with our technical department
Temperature controller with RS485 FCR-13A V/M-11.01	31.03.2016	Alternative solutions can be defined together with our technical department
UTUK-G2	10.12.2013	UTUK-G3+ as an absolutely compatible new development with technical advantages
Phaser 12/700 - Electronic Solid State	15.11.2011	Alternative solutions can be defined together with our technical department

Item description	Discontinuation date	Alternative replacement solution
Phaser 6/450 - Electronic Solid State	15.11.2011	Alternative solutions can be defined together with our technical department
Phaser 7/450 - Electronic Solid State	15.11.2011	Alternative solutions can be defined together with our technical department
UVC and UVC PRO	15.11.2011	Replacement with new solution Phaser EVOplus+
NOVA control card	30.11.2009	Alternative solutions can be defined together with our technical department
Covag control card	30.11.2009	Alternative solutions can be defined together with our technical department
Ignitor ZRM20/400 B001	2008/2009	Alternative solutions can be defined together with our technical department
